Experience the Eagle Crest Life

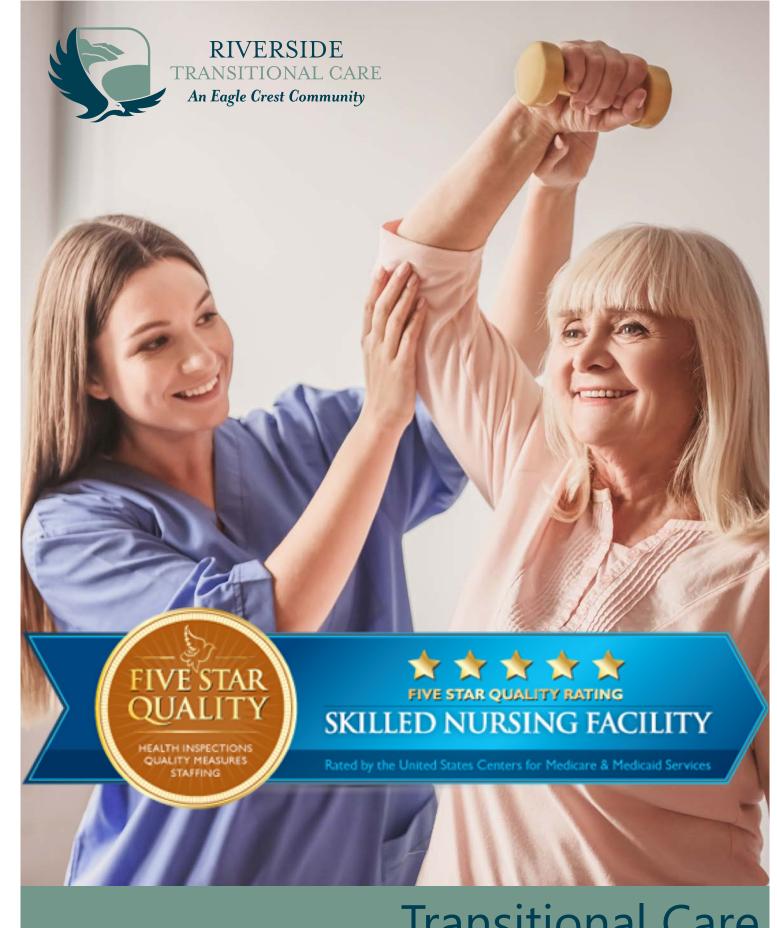

"Thank you for the great care and friends we both made here! John really had good things to say about being here for therapy."

"Thank you for the love and excellent care mom received from everyone while she was a resident with you. I cannot express deeply enough how thankful I am that you were all there."

Transitional Care

A TRADEMARK OF BETHANY LUTHERAN HOMES, INC.

Setting the Standard for Every Phase of Recovery

Our team of dedicated nurses, rehab and dietary staff work in collaboration with specialized physicians to help one regain and develop the skills and strength necessary for living a healthy and happy independent life. Conveniently located near Emplify Health in La Crosse this home-like 123 bed skilled nursing campus offers a variety of room sizes, including semi-private and private. Beautifully situated along the Mississippi River with spacious, landscaped courtyards and grounds, our residents are able to enjoy peace and serenity every day.

Transitional Care & Rehabilitation

Riverside ranks highest overall in discharging residents home, offering physical, occupational and speech therapy seven days a week. Individual, person-centered treatment plans combined with specialized therapies, pain management, strength, balance and mobility training get you back on your feet fast. In addition to techniques to help restore function and independence, our team of specialists work together to create an optimized plan for each person.

The Lighthouse at Riverside

Eagle Crest Communities provides the highest quality dementia care services and is certified *Dementia Specific* through Leading Age WI. This important certification reflects our commitment to exceptional care standards and personalized support for each resident.

It ensures everyone receives the compassionate care they deserve in a supportive and enriching environment, making a real difference in their quality of life.
