# Memory Care

A TRADEMARK OF BETHANY LUTHERAN HOMES, INC.

## Extraordinary Communities Where People Thrive

Our caregivers focus on bringing purpose, pleasure and peace to each individual, focusing on what they can do, not what they cannot. Hearten House I, II & III offer residential living in a small, home-like neighborhood for persons with dementia who require 24-hour supervision but do not require skilled nursing care. Residents' right to dignity, self-esteem, and independence is foremost in our care planning.

- Our caregivers are trained to use creative interventions and promote a sense of independence
- Family involvement allows opportunities for fellowship and education
- Activity-focused programming is tailored to a resident's abilities, preferences and interests creating opportunities for meaningful interactions
- An enclosed courtyard promises fresh air, short walks, and the natural beauty of the outdoors
- Fresh, delicious meals and snacks served in the family dining room
- Housekeeping and laundry services
- Medication management, assistance with a whirlpool bath and ongoing reassurance and comfort care
- Pastoral care services and ecumenical worship weekly
- A security system that allows maximum freedom of mobility

Eagle Crest Communities provides the highest quality dementia care services and is certified *Dementia Specific* through Leading Age WI. This important certification reflects our commitment to exceptional care standards and personalized support for each resident. It ensures everyone receives the compassionate care they deserve in a supportive and enriching environment, making a real difference in their quality of life.
